

Code: Celebrate!

Tue, May 22, 7:00pm

**Reynolds
Coliseum**

NCSU Campus

Celebrating the survival of 120 victims
of cardiac arrest in Wake County in 2017

Come see and hear from

Survivor Ty Solomon

and

Coach Murray Garvin

South Carolina State University Men's Basketball

Athletic Trainers

- We would like any and all ATs to join us for this event.
- EMS knows the vital role ATs play, and we will publicly recognize that role at this event.
- When Ty suffered cardiac arrest during the game with NCSU, it was SCSU's Athletic Trainer Tyler Long who immediately began quality CPR. He continued CPR as Wake EMS paramedics carried out other tasks to care for Ty.
- AT Long's actions are a critical part of Ty's good outcome.
- EMS depends on pre-arrival care provided by ATs at thousands of events every year.
- Code: Celebrate! is a high profile event including survivors, responders, elected officials, and media. Help us promote the vital role of Athletic Trainers by being present for this event!
